

Jordan R. Fischbach, Ph.D.
 Vice President for Applied Research
 The Water Institute
 1110 River Road S., Suite 200
 Baton Rouge, LA 70802
 Tel. No. (225) 372 – 1376
 Email: jfischbach@thewaterinstitute.org

EDUCATION

Pardee RAND Graduate School	Santa Monica, CA	Policy Analysis	Ph.D., 2010
Pardee RAND Graduate School	Santa Monica, CA	Policy Analysis	M.Phil., 2006
Columbia University	New York, NY	History	BA, 2001

RESEARCH INTERESTS

Climate adaptation, disaster recovery, hazard mitigation, urban resilience, water resources management, coastal planning, risk analysis, decision making under deep uncertainty, participatory data visualization.

PROFESSIONAL EXPERIENCE

The Water Institute	Vice President for Applied Research	2024–Present
	Director of Planning and Policy Research	2021–Present
RAND Corporation	Associate/Full/Senior Policy Researcher	2010–2021
	Climate Resilience Center Co-Director	2014–2021
Pardee RAND Graduate School	Faculty Member	2011–2021
Homeland Security Operational Analysis Center	Quality Assurance Manager	2018–202
RAND Corporation	Assistant Policy Analyst	2004–2010
The Cadmus Group, Inc.	Analyst	2001–2004

PROFESSIONAL SOCIETY MEMBERSHIPS

- Water Science and Technology Board, National Academies of Science, Engineering, and Medicine, 2021–Present
- Society for Decision Making Under Deep Uncertainty, 2014–Present
- American Society of Adaptation Professionals, 2017–2020.
- American Geophysical Union, 2016–2020.

AWARDS AND HONORS

- RAND Corporation Bronze Medal Award, 2018
- RAND Corporation President’s Choice Award, 2012
- Pardee RAND Graduate School Herbert Goldhamer Memorial Award, 2010
- Pardee RAND Graduate School Rothenberg Dissertation Award, 2009
- RAND Gulf States Policy Institute Scholars Dissertation Award, 2008
- RAND Corporation Silver Medal Award, 2007
- Pardee RAND Graduate School Rothenberg Dissertation Award, 2009
- Columbia University Summa Cum Laude, 2001
- Columbia University History Department Honors, 2001
- Columbia University Phi Beta Kappa, 2001

COMMUNITY SERVICE

Vice President of Synagogue Life	Congregation Beth Shalom	2019–2023
Chair/Member SteelTree Fund Board	Jewish Federation of Greater Pittsburgh	2014–2019
Member, Committee on Long-term Coastal Zone Dynamics	Board of Earth Sciences and Resources, National Academy of Sciences, Engineering, and Medicine	2017–2018
Member, Board of Directors	Grounded Strategies	2015–2018
Member, Board of Directors	Landforce	2017–2018

NOTABLE PROJECTS

Principal Investigator/Policy Research to Improve the Evaluation of Nature Based Solutions and Better Consider Equity in U.S. Army Corps of Engineers Programs Current

U.S. Army Corps of Engineers

Leading multiple connected policy research project to review existing planning and evaluation methods for feasibility studies and identify opportunities to better incorporate the economic, environmental, and social benefits of nature-based solutions and consider various dimensions of equity throughout the planning process.

- Principal Investigator/Coastal Louisiana Risk Assessment (CLARA) Modeling Support for Louisiana’s Coastal Master Plan** Current
Coastal Protection and Restoration Authority
Risk assessment team co-lead to update and apply the CLARA model to provide next-level modeling capabilities and support the development of Louisiana’s 2012, 2017, 2023, and 2029 Coastal Master Plans.
- Co-Investigator/MARISA Mid-Atlantic Climate Adaptation Partnership** Current
National Oceanic and Atmospheric Administration
Co-Investigator for the NOAA-supported MARISA program, partnering with Pennsylvania State University, Johns Hopkins, Cornell, Carnegie Mellon, VIMS, and Morgan State; MARISA’s goal is to support the effective utilization of climate science and the building of adaptive capacity and resilience to climate variability and change in the Mid-Atlantic region.
- Principal Investigator/Incorporating Equity and Social Vulnerability Into the Design of Flood Risk Mitigation Strategies** 2021-2024
National Academies of Sciences, Engineering, and Medicine Gulf Research Program Institute
Principal Investigator for a Purdue University-led project to incorporate local knowledge into the design of more equitable solutions to climate hazards; led the development of an interactive visualization tool based on inputs from stakeholder workshops in multiple Louisiana coastal communities.
- Principal Investigator/Evaluating and Communicating Stormwater Risk in New Orleans** 2021-2023
Shell Foundation
Principal Investigator for a modeling study that examined stormwater flooding in the City of New Orleans to help decision makers and residents understand how to better manage stormwater under stressors such as climate change and inconsistent maintenance of outdated infrastructure; used Robust Decision Making methods to provide more rigorous estimates of future stormwater risk and understand the key drivers that exacerbate this risk; led the development of an interactive data visualization tool.
